

LUBRICATING OILER

MASTERS® LUBRICATING OILER is premium grade, petroleum based, high viscosity, non-detergent lubricator for general applications. It can be used on rotating and reciprocating equipment, bearings, motors and slides to reduce sludge and sticking in close-tolerance components, providing superior anti-wear protection.

MASTERS® LUBRICATING OILER has:

- Outstanding resistance to heat.
- Long service life.
- Pull out spout that dispenses in a vertical position.

MASTERS® LUBRICATING OILER:

- Reduces sludge and sticking problems in close tolerance components.
- Provides superior system cleanliness with reduced oxidation and varnish formation.
- Protects against rust and corrosion.
- Good low temperature performance.
- Proven field performance.
- Suitable for industrial and mobile hydraulic applications.
- Nearly insoluble in water.
- ISO Grade 68.
