

HAYMAKER

TANKLESS WATER HEATER DESCALER

HAYMAKER BRINGS THE HEAT!
Vinegar is no match for Haymaker when descaling tankless water heater systems.

- Non-corrosive, professional grade formula effectively removes scale.
- Clear, citric acid-based liquid formula allows you to see the results of the descaling.
- NSF 60 listed and safe for potable water.
- VOC free and biodegradable – will not harm the environment.
- Users have everything they need to descale a tankless water heater with the Haymaker Kit (35245).

The Haymaker solution dissolves **3 TIMES** the amount of scale as a gallon of white vinegar, without the foul odor! The concentration of acetic acid in vinegar is relatively low (5%), whereas Haymaker is a 50% by weight concentrate that is mixed with water before use.

Part #	Description	Case Pack	UPC
35240	32 oz. (946 ml) Haymaker Tankless Water Heater Descaler	6	032628352407
35231	1 gal. (3.78L) Hercules Haymaker	6	032628352315
