

LEED Green Building Submittal Sheet- Toilet Bowl Bolt Kits

	Description of Section's Relevance	Brass Bolt Kits	Nickel Plated Brass Bolt Kits	Stainless Steel Bolt Kits
Product Offerings	Various products offered by Oatey SCS [®] that apply to information as follows.	<ul style="list-style-type: none"> Hercules Johni-Bolts[®] Harvey Bolt and Screw Sets 	<ul style="list-style-type: none"> Harvey Bolt and Screw Sets 	<ul style="list-style-type: none"> Harvey Bolt and Screw Sets
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	These products contain less than 72% copper and 0.05% lead by weight.	These products contain less than 72% copper and 0.05% lead by weight.	There is no lead, cadmium, or copper present in these products.

Red List Chemical Content	Any red list chemicals as defined by the Living Building Challenge (LBC).	These products contain a trace amount of lead, which has been red listed by the LBC.	These products contain a trace amount of lead, which has been red listed by the LBC.	These products contain no chemicals present on the red list.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	These products contain no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	These products contain a very small amount of lead.	These products contain a very small amount of lead.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: <ul style="list-style-type: none"> Willow Grove, Pennsylvania 	Locations of manufacturing: <ul style="list-style-type: none"> Willow Grove, Pennsylvania 	Locations of manufacturing: <ul style="list-style-type: none"> Nogales, Mexico
Additional Information	Additional product information relative to LEED or environmental health and safety.	Lead content of this product is a trace amount from non-preventable natural conditions.	Lead content of this product is a trace amount from non-preventable natural conditions.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
