

## **LEED Green Building Submittal Sheet- Cleanout Assemblies and Wood Support Kit**

	Description of Section's Relevance	Plastic Cleanout Assemblies and Covers	Metal Cleanout Covers and Plugs	Galvanized Wood Support Kit
<b>Product Offerings</b>	Various products offered by Oatey SCS® that apply to information as follows.	<ul><li>Oatey Snap-in outlet cover</li><li>Oatey Cleanout Assemblies</li><li>Oatey Cover Plate</li></ul>	<ul> <li>Oatey Brass Cleanout Cover</li> <li>Oatey Brass Cleanout Plug</li> <li>Oatey Stainless Steel Cover Plate</li> <li>Harvey Brass Flush Plug</li> </ul>	Oatey Galvanized Wood Support Kit
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for this product.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	This product has no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT <sup>1</sup> Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	There is no lead, cadmium, or copper present in these products.	Brass plugs and covers contain a maximum of 60% copper and 3% lead by weight.	There is no lead, cadmium, or copper present in this product.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	PVC cleanout assemblies and drain outlet covers contain Polyvinyl Chloride, which has been red listed by the LBC.	Brass covers and plugs contain lead, which has been red listed by the LBC.	This product contains no materials present on the red list.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	This product contains no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	Brass covers and plugs contain lead.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles <sup>2</sup> of this location, LEED credit may be earned.	<ul> <li>Englewood, Colorado (Snapin outlet cover)</li> <li>China</li> <li>Taiwan</li> </ul>	<ul><li>Locations of manufacturing:</li><li>Indonesia</li><li>China</li><li>Thailand</li><li>Taiwan</li></ul>	Locations of manufacturing:  • Taiwan
Additional Information	Additional product information relative to LEED or environmental health and safety.	There is no additional information for these products.	There is no additional information for these products.	There is no additional information for these products.

<sup>&</sup>lt;sup>1</sup>PBT's are known as Persistent Bioaccumulative Toxins.

<sup>&</sup>lt;sup>2</sup>For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <a href="http://www.daftlogic.com/projects-google-maps-distance-calculator.htm">http://www.daftlogic.com/projects-google-maps-distance-calculator.htm</a>.
