

LEED Green Building Submittal Sheet- Metal Pipe Support Products

	Description of Section's Relevance	Steel Pipe Supporters	Galvanized Pipe Supporters	Copper Plated Pipe Supporters
Product Offerings	Various products offered by Oatey SCS [®] that apply to information as follows.	<ul style="list-style-type: none"> • Steel Pipe Hooks • Steel Stud Guards • Steel Plates 	<ul style="list-style-type: none"> • Metal Hanger Straps and Tapes • Galvanized Pipe Straps • Oatey Hyco Bar 	<ul style="list-style-type: none"> • Copper Tube Straps and Hooks • Copper Tube Nailers • Copper Plates, Tapes, or Straps • Copper Hangers
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	There is no lead, cadmium, or copper present in these products.	Pipe support products made of galvanized steel contain less than 0.25% copper by weight.	Tube Nailers contain less than 0.20% copper by weight. All other products contain trivial amounts of copper from plating.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	These products contain no materials present on the red list.	These products contain no materials present on the red list.	Select tube nailers are coated in PVC and therefore contain polyvinyl chloride, which has been red listed by the LBC.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	These products contain no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: <ul style="list-style-type: none"> • Dundee, Michigan (Oatey) • Springfield, Oregon (Harvey) 	Locations of manufacturing: <ul style="list-style-type: none"> • Springfield, Oregon • Woodland Hills, California (Oatey Tab Tape) 	Locations of manufacturing: <ul style="list-style-type: none"> • China (Copper Hangers) • Dundee, Michigan (Straps/Hooks) • Philadelphia, Pennsylvania (Tube Nailers)
Additional Information	Additional product information relative to LEED or environmental health and safety.	There is no additional information for these products.	There is no additional information for these products.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
