DESIGNLINE CHROME-PLATED BRASS GRID DRAIN WITHOUT OVERFLOW TECHNICAL SPECIFICATION

SPECIFICATIONS

Designline Chrome-Plated Brass Grid Drain is made for use with above countertop or vessel sinks. This lavatory sink drain has a non-closing design that easily allows water to flow into the drain. Designed for sinks without an overflow opening. The classic polished chrome finish will complement your existing bathroom fixtures. Oatey products have earned the trust of plumbing professionals for over 100 years.
