

trueblue FLEX

bath waste

Innovative, flexible and designed with the plumber in mind!

True Blue's integrated locking features reduce the number of tools needed for installation, saving you time and frustration.

True Blue FLEX is the perfect solution for misaligned and offset drains. More flexible than the leading competitors, the adjustable tubing simplifies the installation and makes it easy to overcome jobsite obstructions.

Standard PVC Install

True Blue FLEX

FEATURES AND BENEFITS

- Forgiving structure and easier alignment make the installation simpler than rigid PVC for novice users.
- Reduces the number of additional fittings and solvent welded joints needed for offsetting.
- Makes it easy to overcome jobsite obstructions such as floor joists and misaligned drains.
- Helps to accommodate severely sloped tub walls.
- Available in 16" and 24" lengths for Standard and Whirlpool tub depths.

Available in Full and Rough kits with Touch Toe, Uni-Lift or Push N' Pull stopper options at 16" or 24" lengths.

Also available with Direct Drain Fitting to plumb directly into the drain tee and overcome jobsite obstructions such as joists.
